

EAST SALTOUN, EAST LOTHIAN

DROP-IN CONSULTATION EVENT 3 PROPOSALS

Tuesday 25 June 2024 2:30pm - 7:00pm

Fletcher Hall, East Saltoun

East Lothian Council is in the early stages of a review of its Local Development Plan (LDP) for East Lothian. The new LDP will set out the Council's planning strategy and policies for a 10-20 year period. It will make proposals for jobs, housing, transport, local facilities and the environment.

Based from the Lennoxlove Estate, Hamilton Farming Enterprises Ltd owns and farms the subject land around East Saltoun. We held drop-in events at the Fletcher Hall in September and October 2022 to gather information and views from local people. We want to understand how we can work with the community, the Council and others to help shape a new LDP that best meets the needs of the Village.

At this third public drop in session we'll present the findings of our site options review. Your feedback will help us reflect local views on the future needs of the village. We'll again be joined by our consultant team from Urban Animation and Fraser Livingstone Architects.

Further information is available from info@lennoxlove.com at Hamilton Farming Enterprises Ltd.
